WPS Training Form

Farm:

Farm owner/manager:

Location:

Keep these records for 2 years

Date	W/H	Trainer Name & Qualifications	Training material used	Trainee Name	Signature

Trainers of workers or handlers must either: be certified as an applicator or have completed an EPA-approved pesticide safety train-the-trainer program for WPS

Workers and handlers must be trained annually. Training must be performed before workers or handlers work in an area where pesticides were used or where a REI has been in effect for the past 30 days. These records must be made availble, upon request, to inspectors, workers or handlers.
