Certification Officer
Date signed October 6, 2023

As of September 30, 2023, this list supersedes all previous lists for this certificate number.
Vermont Certification is based in part upon current New Hampshire Accreditation Certificate of Approval number 300223-A, September 18, 2023 to September 17, 2024. Laboratories are certified in Vermont based, in part, upon its Primary Accrediting Body(ies) drinking water accreditation(s). Also, loss of drinking water primary accreditation (in part or whole) constitutes loss of certification in Vermont for the same drinking water tests.

*State of Vermont Department of Health
Drinking Water Laboratory Certification*

*Vermont Agriculture and Environmental Laboratory
Randolph, Vermont*

Is certified to perform analyses on drinking water pursuant to their most recent Drinking Water Laboratory Certification Listing.
