# A Fall Look at Cover Crops

**FREE  
EVENTS**

Cover crops are becoming more prevalent throughout the Lake Champlain Basin. Join the UVM Extension's Northwest Crops and Soils Program (NWCS) and the Champlain Valley Crop, Soil and Pasture Team, as well as farmers and researchers to discuss and tour strategies for successful cover cropping in our northern region.

**Join us for one (or all five) of our Cover Crop Field Days!**

In Franklin County, UVM agronomist Heather Darby will lead a tour of the research trials and share how cover crop varieties have performed in Vermont's soils and climatic conditions. Join us for one or both—

**A Tour of farms on St. Albans Bay—Monday, November 10, 2014, 1pm to 3pm**

Meet us at our office at [278 S. Main St, St. Albans](#) BEFORE 1pm to join the tour on Nov. 10th.

**Borderview Research Farm—Wednesday, November 12, 2014, 1pm to 3pm**

Contact Susan at (802) 524-6501 x432 or [susan.brouillette@uvm.edu](mailto:susan.brouillette@uvm.edu) to register to attend the above.

In Addison and Chittenden Counties, the CV Crop, Soil and Pasture Team are offering the following:

**Pouliot Farm, Jericho/Westford—Friday, October 31, 2014**

**Vorsteveld Farm, Panton—Thursday, November 6, 2014**

**Clifford Farm, Starksboro—Friday, November 7, 2014**

Contact Kirsten at (802) 388-4969 x347 or [kirsten.workman@uvm.edu](mailto:kirsten.workman@uvm.edu) to register to attend these three.

For more details, view their [field day flyer](#) or call Kirsten.

*To request a disability-related accommodation to participate in this program, contact Susan Brouillette by 10/29/2014 at 802-524-6501 or toll-free in Vermont at 1-800-639-2130 so we may assist you.*

**Many thanks to our sponsors for their generous support and contributions!**

St. Albans, VT 05478-1876

## NW CROPS & SOILS PROGRAM

Cover Crop Tours in **Franklin County** - Please register by calling Susan Brouillette at 802-524-6501 or 1-800-639-2130 (toll-free in Vt. only) or email at [susan.brouillette@uvm.edu](mailto:susan.brouillette@uvm.edu).

### **Monday, November 10 - A Tour of several farms on St. Albans Bay, 1pm to 3pm**

Observe the maturation of plots evaluating short versus long season corn and the impact on cover crop planting date and establishment. Meet us at our office at [278 S. Main St, St. Albans](https://www.uvm.edu/278-s-main-st) **BEFORE** 1pm to join this tour. Depending on numbers, we may rent some vans. Please RSVP by November 6.

### **Wednesday, November 12 - Borderview Research Farm, 1pm to 3pm**

Tour a variety of cover crop research experiments, from oats to tillage radish, and learn about best practices for successful establishment and growth. Join in on a discussion on managing these cover crops in the spring, as well as how to incorporate them into your feed program. You will also view cover cropping equipment. Location: Roger and Claire Rainville's Borderview Research Farm, [146 Line Road, Alburgh, VT](https://www.uvm.edu/146-line-road)

**Directions:** From Route 2 in Alburgh, turn onto Route 225 (Border Road). Drive toward the Canadian Border. As you approach the border, turn Left just **BEFORE** Customs. In front of you, there will be a dirt road (Line Road) that goes West along the border. Borderview Farm is the first farm on the Left.
