**Introduction and Purpose**

The Vermont Agency of Agriculture, Food & Markets (VAAFAM) seeks proposals to develop a Nuisance Management Plan and Stormwater Plan Guidance Document (“Guidance Document”) that will help Large Farm Operations (LFO) meet State of Vermont regulatory requirements to address the impacts from odor, noise, traffic, insects, flies, other pests and operational stormwater management due to the activities associated with LFOs. The Guidance Document will establish criteria by which a farm will inventory current impacts, summarize any and all proposed impacts of a farm expansion, and develop any necessary mitigation or abatement strategies. The contractor must investigate local, national and international statutes, regulations, research, and standards to provide consistent and comprehensive recommendations in the Guidance Document for VAAFAM to consider as a final standard. The Guidance Document must include recommendations for practical compliance strategies for mitigation and abatement of nuisances identified in LFO nuisance management and stormwater plans. The final Guidance Document will need to include fillable templates for farms which reflect the required plan details to address each nuisance type. Prior to the final standard being fully developed by the contractor, the Agency requests that the contractor provide an estimate of the varying costs that a farm would bear for developing the types of nuisance management plan and stormwater plan options – including those ranging from full-scale plans created by private consultants who are specialized to perform this work to those that can be drafted by the permittee using the Guidance Document. VAAFAM also seeks process recommendations for streamlined LFO nuisance management plan submittal by the permittee and a review and approval process within the Agency. The contractor will meet a minimum of three times with VAAFAM staff to share information and review direction for each phase of the project.

Phase 1: Meet with VAAFAM to review general criteria and available materials

Phase 2: Meet with VAAFAM to provide new research documentation, process recommendations and to receive guidance on the details to include in the final Guidance Document

Phase 3: Provide VAAFAM with a draft Guidance Document and meet to review any remaining details.

Phase 4: Final report including Guidance Document including templates, process recommendations and compliance strategies.

**Project Selection, Funding and Method of Payment**

From the proposals received, an internal Agency Project Review Committee will select proposals for funding based on the proposal and review criteria. The selected proposal will enter into a contract with VAAFAM to perform the work based upon an agreed upon detailed scope of work and timeline. All payments will be made after satisfactory completion of each deliverable as outlined in an agreement between VAAFAM and the contractor, based upon set rates for services established in the contract agreement.

## Project Timeline

The Agency seeks to have a draft final report provided by January 31, 2018, with a final close out date for remaining invoices and edits requested by the Agency due on March 1, 2018.

**2. Entire Agreement:** This Agreement, whether in the form of a Contract, State Funded Grant, or Federally Funded Grant, represents the entire agreement between the parties on the subject matter. All prior agreements, representations, statements, negotiations, and understandings shall have no effect.

**3. Governing Law, Jurisdiction and Venue; No Waiver of Jury Trial:** This Agreement will be governed by the laws of the State of Vermont. Any action or proceeding brought by either the State or the Party in connection with this Agreement shall be brought and enforced in the Superior Court of the State of Vermont, Civil Division, Washington Unit. The Party irrevocably submits to the jurisdiction of this court for any action or proceeding regarding this Agreement. The Party agrees that it must first exhaust any applicable administrative remedies with respect to any cause of action that it may have against the State with regard to its performance under the Agreement.

Party agrees that the State shall not be required to submit to binding arbitration or waive its right to a jury trial.

**4. Sovereign Immunity:** The State reserves all immunities, defenses, rights or actions arising out of the State’s sovereign status or under the Eleventh Amendment to the United States Constitution. No waiver of the State’s immunities, defenses, rights or actions shall be implied or otherwise deemed to exist by reason of the State’s entry into this Agreement.

No Employee Benefits For Party:** The Party understands that the State will not provide any individual retirement benefits, group life insurance, group health and dental insurance, vacation or sick leave, workers compensation or other benefits or services available to State employees, nor will the state withhold any state or federal taxes except as required under applicable tax laws, which shall be determined in advance of execution of the Agreement. In the event the State withholds approval to settle any such claim, then the Party shall proceed with the defense of the claim but under those circumstances, the Party’s indemnification obligations shall be limited to the amount of the proposed settlement initially rejected by the State.

After a final judgment or settlement the Party may request recoupment of specific defense costs and may file suit in Washington Superior Court requesting recoupment.
