

## FILLING OUT THE ANNUAL REPORT FOR PESTICIDE USAGE

This form must be filled out completely. If you did *not* use pesticides during the year, complete the top part of the form, check the “no use” box and return this with your renewal paperwork.

A usage report may be done by an individual applicator, or a company may report all of its applicators’ use on one form. For company reports also include the names of applicators who are no longer employed.

Please-

- Record the amount of pesticides used to date. Pesticides used *after* submitting this paperwork should be reported on next year’s use.
- Record **the total amount of each pesticide used** in the year (*not* the application rate).
- Report pesticide use by county, except structural applications.

An excel version of this form may be downloaded from our website

This form must be printed and submitted with the renewal paperwork.

### Example:

A lawn care pesticide applicator applies 0.5 pounds of Pesticide X in Orleans County. A month later, using Pesticide X, she makes two separate 0.5 pound applications. She makes these 2 applications in Franklin County. These are the only time she uses Pesticide X in the year. She would report the following for Pesticide X:

EPA Registration Number	Name of Product (please provide the complete name)	Liquid (L) or Solid (S)	Total used in lbs or gals—e.g.: 1.6 lbs	Treatment/ use group code	County code
### ####	Pesticide X	S	0.5 lbs	G	10
### ####	Pesticide X	S	1.0 lbs	G	06

In the year, a **total** 0.5 lbs of the *pesticide* were used in lawn care (“G”) in Orleans County (“10”)

In the year, a **total** of 1.0 lbs of the *pesticide* were used in lawn care (“G”) in Franklin County (“06”)
