

**ANNUAL USAGE REPORTING FORM
FOR COMMERCIAL & NONCOMMERCIAL PESTICIDE APPLICATORS**

All certified applicators must fill out a Use Report each year. If you did not use pesticides during the year, complete the top part of the form, write "no use" and return the form. You may have each employee fill out a separate form or report ALL applicators employed by a company or outlet on one form. Include the names of applicators who are no longer employed but who applied pesticides during the reporting year. **Incomplete reports will be returned.**

Record the EPA registration number and complete product name as stated on the label. Record the total amount of product used throughout the season (not application rate). List the treatment/use group code and county code where the product was used.
