

PERMIT TO CONDUCT Terrestrial Invasive TREATMENT

Permit number: TI 2024-02

Effective May 17, 2024

**Office of the Secretary, Anson B. Tebbetts**

www.agriculture.vermont.gov

116 State Street • Montpelier, Vermont 05620-2901 • (802) 828-5667 • (802) 828-1410 fax

Permittee: Town of Hyde Park, 344 VT Route 15 W., Hyde Park Vermont 05655  
 [Contact Person: Brent Sheets, (802) 888-2300]

Permit conditions:

1. The Permittee shall contact the Agency of Agriculture, Food and Markets (the Agency), by contacting [zach.szczukowski@vermont.gov](mailto:zach.szczukowski@vermont.gov), one business day prior to initiating this Permit.
2. Each application crew, including sub-contractors, working under this Permit shall coordinate one use inspection with the Agency, by contacting [David.Huber@vermont.gov](mailto:David.Huber@vermont.gov).
3. This Permit authorizes foliar applications of pesticides for control of Japanese Knotweed (*Reynoutria japonica*) at the following locations during this calendar year within a town right-of-way in the town of Hyde Park: (1) where the Green River crosses Garfield Road near the intersection with the Green River Dam Road, and (2) seven patches of Japanese Knotweed as treated for under Permit TI\_2023-09-01 for potential follow-up treatment. This Permit allows for treatment to control terrestrial invasive plant species in a right-of-way for purposes other than clearing or maintaining the right-of-way. This Permit in no way authorizes the applicant to use pesticides on property where it has no lawful right to do so.
4. At least one certified applicator shall be a member of each application crew. All label recommendations and requirements for protective clothing shall be adhered to for all applicators.
5. All distances described in this Permit are horizontal (lateral) measurements.
6. Pursuant to the Vermont Rule for Control of Pesticides § 6.08(e), written landowner permission for chemical control shall be required. This written permission shall be made available to the Agency upon request.
7. All applications shall be made in accordance with this Permit and in consultation with the Town of Hyde Park Knotweed Control Plan. If an alteration is necessary, then the Permittee shall immediately notify the Agency.
8. Pesticides shall not enter the waters of the State. Buffers to water shall be consistent with the product label.
9. Public and potable water supplies (non-public water systems) are to be avoided.
  - a. Applications to soil or vegetation shall not be made within 200 feet of public community drinking water sources and intakes, and surface water public non-community drinking water intakes.
  - b. Applications to soil or vegetation shall not be made within 100 feet of public non-community groundwater drinking water sources.
  - c. Applications to soil or vegetation shall not be made within 50 feet of a potable water source identified through well owner notification to Permittee.
10. Permittee shall notify the Agency upon completion of permitted applications and provide copies of routine operational records as required by the Vermont Rule for the Control of Pesticides.

Records shall be submitted electronically to: [zach.szczukowski@vermont.gov](mailto:zach.szczukowski@vermont.gov)

11. The following pesticides may be applied in accordance with the label:

Product Name	Active Ingredient	EPA Registration Number
Aquamaster	Isopropylamine salt of glyphosate	524-343
Roundup Custom	Isopropylamine salt of glyphosate	524-343

12. In the event the Permittee sub-contracts or assigns any of the applications authorized by this Permit, the Permittee shall continue to remain responsible for the conditions of this Permit. This condition does not relieve any sub-contractor or assignee from compliance.

13. All operations shall be conducted in accordance with the representations made by the Permittee in its Permit application under these Permit conditions unless, and until, the Permit is amended.

14. The Secretary reserves the right to further limit or restrict the application of pesticides approved under this Permit as conditions or circumstances warrant.

15. This Permit shall expire on December 31, 2024.

The application upon which this Permit was based was published for public comment and forwarded with recommendation to the Secretary.
