[Unless specifically determined to be eligible for smaller no-spray zone]**

**VERMONT MAPS, 2024, for
New England Central Railroad [cont.]:**

Threatened or Endangered Species near NECR tracks:

Map		No. of T&E Areas near Tracks	Map		No. of T&E Areas near Tracks
1	Vernon	5	12	Northfield – Berlin	0
2	Brattleboro	3	13	Montpelier – Middlesex	0
3	Putney	0	14	Waterbury – Duxbury	0
4	Westminster - B. Falls	1	15	Bolton	0
5	Windsor – Hartland	3	16	Richmond	1
6	Hartford - WRJ	2	17	Essex Junction	7
7	Sharon	6	18	Burlington	5
8	Royalton	0	19	Milton	2
9	Bethel	0	20	St. Albans	0
10	Randolph – Braintree	0	21	Swanton	3
11	Granville	0	22	Alburgh	4

NOTE: A few of the T&E areas listed above are shown on more than 1 map.

Limitations of Maps:

- **These maps show possible locations of DRILLED wells only [they do NOT include dug wells, well-points or springs]**
- **The wells shown are only those for which Vermont-licensed well-drillers have provided data to VT ANR; generally for wells drilled since the mid-1960s**
 - **Well locations have not been field-verified by VTANR or Waite-Heindel Environmental Management**
 - **The absence of a well at a specific location does not mean there is no well there.**
- **Areas of Threatened & Endangered Species near NECR tracks are part of larger T&E areas not shown on WHEM maps.**
