Title of Organization:		
Address:		
Phone:		
Contact Person:		
Type of Right-of-Way:		
Electric power transmission line		Electric power distribution line
Highway		Telephone line
Railroad		Pipeline (specify gas soil water)
Other (describe)		Airport approaches & safety zones
Type of treatment:		
Selective basal		Stump treatment
Dormant cane (broadcast basal)		Soil applications (soil sterilant)
Ground broadcast stem-foliage		Stem injection (frill treatment)
Other (describe)		
Railroad Right-of-Way treatment:	Ballast	Shoulder

SITE-SPECIFIC INFORMATION

Towns where application will be made:	
Total acreage to be treated:	Acreage of ground application:
Width of Right-of-Way (feet):	
Width of area in Right-of-Way to be treated (feet):	
Tentative start date:	
<i>Date can be subject to change</i>	

SPECIAL NEEDS: TREATMENT WITHIN BUFFER STRIPS

Specific areas where applications are to occur:
Type of Vegetation to be controlled:
Application technique to be implemented:
Application equipment to be used:
Explain how this Request will Protect Sensitive Areas, Sensitive Crops, Site Conditions, Wells, etc.:

APPLICATOR INFORMATION

Applicator's name:
Current Vermont applicator certificate #:
Company name:
Company address:
Company telephone number:

CONTROL DETAILS

Trade Name	Common Name of Active Ingredient(s)	EPA Reg. Number	Application Rate Product/Acre	Vegetation to Be Controlled	Type of Application and Equipment to be Used
Example: GARLON 4	Triclopyr	62719-40	0.25-1.25 gal/acre	Undesirable Tree Species	Low Volume Basal & Stump Backpack Sprayer

*Pesticide(s) to be used and rate(s) to be applied. If more than one chemical is listed, then a summary of the uses intended for each chemical must be provided. The summary should state whether the chemical will be mixed or applied separately, specifying which chemicals will control what types of vegetation/pest. Please Note: A copy of a label, must be supplied for each chemical to be used.

METHODS OF NOTIFICATION

List the newspapers in which you will advertise this application to comply with Section 6.01(e) of the Vermont Rule for Control of Pesticides:

Please indicate other notification option chosen to comply with Section 6.01(f) of the Vermont Rule for Control of Pesticides:

OTHER INFORMATION TO BE SUBMITTED WITH APPLICATION

- Current labelling for each pesticide to be used.
- Digital or electronic map of the area of proposed application indicating the right-of-way boundaries, surface waters, public water sources and potable water sources, and threatened or endangered species habitats.
- A copy of the notice of intent to use an herbicide that shall be published.
- Integrated vegetative management plan to comply with Section 6.01(g) of the Vermont Rule for Control of Pesticides (plan submission required every five years)

CERTIFICATION OF COMPLIANCE

Submit this application electronically to Agrichemical Program Manager: morgan.griffith@vermont.gov

The Applicant certifies that, to the best of their knowledge, the provided information is true and accurate.

The Applicant further understands that routine operational records as required by the Vermont Rule for Control of Pesticides shall be submitted electronically by the pesticide applicator or permit holder to the Agency of Agriculture, Food and Markets on a weekly basis, no later than the close of business on the Monday following the previous week's operation (no later than the close of business on the Tuesday following a Monday federal or state holiday).
