

**LARGE FARM OPERATION PROGRAM***Appendix A-3: Proposed Construction Form*

Submit a form for each proposed structure

**A. Applicant and Location Information**

Operation name: \_\_\_\_\_

Name of proposed construction: \_\_\_\_\_

E911 address or lat/long of proposed construction: \_\_\_\_\_

**B. Proposed Construction Requirements**

1. Has the town or municipality of the proposed construction been notified?  
 Yes  No
2. If the proposed construction will disturb more than one acre of land, have you applied for a Stormwater Construction General Permit from the Agency of Natural Resources?  
 Yes  No  N/A
3. Have you evaluated if the construction will occur in a wetland, Flood Hazard Area, and/or River Corridor, and applied for the requisite permits from the Agency of Natural Resources?  
 Yes  No  I have confirmed this is not in a wetland, Flood Hazard Area, and/or River Corridor
4. Does the proposed construction meet all required siting and setbacks as defined by the town or municipality?  
 Yes  No
  - a. If no, have you applied for and received a variance from AAFM?  
 Yes  No  I am in the process of obtaining a variance from AAFM

*Reference the setback requirements in the LFO Rules for construction in towns or municipalities with no zoning.*

5. Include a map with the design of proposed construction, abutting property lines, roads, wells, identification of surface waters and ditches in the vicinity of proposed construction, and all applicable local setbacks.

**C. Waste Storage Facility (WSF) Construction:** submit a copy of the design plan(s) from the engineer

1. Proposed construction for a new WSF:

Designed useable volume: \_\_\_\_\_ gallons

WSF composition:  tank  earthen—unlined  earthen—lined  concrete  underbarn  other

2. Proposed expansion of an existing WSF:

Designed useable volume (existing + proposed): \_\_\_\_\_ gallons

**D. Animal Housing Construction:** submit construction plan(s) illustrating the proposed construction layout

- 1. Is the proposed construction an expansion of a current structure?       Yes    No
- 2. What are the dimensions of the proposed construction? \_\_\_\_\_
- 3. What is the maximum number of animals the proposed construction is designed to house?

Mature dairy cows: \_\_\_\_\_

Youngstock/heifers: \_\_\_\_\_

Other \_\_\_\_\_: \_\_\_\_\_

**E. Signature of Applicant**

I certify that all information provided on this appendix is true and accurately represents the proposed construction. I understand that if any information changes on this appendix I must notify VAAFM at [AGR.WQPermits@vermont.gov](mailto:AGR.WQPermits@vermont.gov). I also understand that I must receive a Large Farm Construction permit before I begin construction or expansion of animal housing or waste storage. I understand that if I do begin construction or expansion of animal housing or waste storage without a Large Farm Construction permit VAAFM may take enforcement action against me for violating 6 V.S.A. Chapter 215.
