

Section 24(c) Special Local Need Label

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF VERMONT

Banner Maxx® II
For Control of Diseases in Christmas Trees

EPA Reg. No. 100-1326
EPA SLN No. VT-19-0001

This label expires and must not be distributed or used in accordance with this SLN registration after December 31, 2024

DIRECTIONS FOR USE

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- This label must be in the possession of the user at the time of application.
- Follow all applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the EPA-registered Banner Maxx II label.

For control of Lirula needle cast (*Lirula nervata*), Rhizosphaera needle cast (*Rhizosphaera kalkhoffii*), and Stigmata needle cast (*Stigmata lautii*) apply Banner Maxx II at 5-8 fl oz product/100 gallons water.

Apply Banner Maxx II preventively as a foliar application and as a full coverage spray to the point of drip when conditions favor disease development. Apply using a 14 day application interval until conditions no longer favor disease development.
