There is no single method of record-keeping that is suitable to all farmers. Some prefer using a map of the farm, others prefer keeping a journal, a logbook or a calendar. However, for the purposes of the FAP program we require a simple, uniform summary of your grazing practices so please use this form to report your grazing at the end of the season. Please do not submit your farm records in other formats. Use the space below, if necessary, to elaborate on your grazing season.

Notes:

A large, empty rectangular box with a thin black border, intended for the user to provide additional notes or details about their grazing practices.
